FUJITSU fi-5900C

Colour Duplex High-Volume
Production Scanner

THE POSSIBILITIES ARE INFINITE

CSG has teamed up with Fujitsu UK to offer their flagship fi-5900 production scanner at a special bureau price. This **special pricing** (over £2,000 below the lowest on-line price) makes the fi-5900c the best value bureau production scanner on the market.

We can also offer favourable lease options, which includes technical support directly from Fujitsu, making financing the fi-5900C an easy and affordable option.

The fi-5900c is characterised by robust construction and innovative features:

- ⇒ 120 sheets per minute in Landscape at 300dpi in colour, greyscale or bitonal, simplex or duplex
- ⇒ Triple Ultrasonic Double Feed Detection with Intelligent MultiFeed Function
- ⇒ 500-page automatic document feeder with Active stacking
- ⇒ Space saving design with a small footprint
- ⇒ VRS 4.1 Professional processing gives excellent image quality & decreases document preparation
- ⇒ Increased Overscan to remove cropped corners on skewed documents
- ⇒ Document Protection to avoid damage to original documents
- ⇒ Optional Pre & Post Imprinters
