

A white Kodak Scan Station 100 is shown against a yellow background. The device has a large, curved top with a color LCD touch screen displaying a menu. Below the screen are several buttons and a circular dial. A document feeder is visible on the left side of the device. The text 'Kodak Scan Station 100' is overlaid on the left side of the image.

Kodak Scan Station 100

New
enhanced

Across the hall. Across the country. Across the world. In just moments, share documents across your office network.

Scan to e-mail, to folders, to print, to FTP, to portable USB drives, to searchable PDF - with just one product!

The **Kodak** Scan Station 100 does all this and more. Robust, reliable and compact, it's really a document-sharing solution that works within your existing office network - and without the need for additional hardware or software.

Plus, today's **Kodak** Scan Station 100 is more innovative, flexible and intuitive than ever. It supports a much wider range of printers and print configurations. Features multiple file naming options, from pre-set prefixes to completely interactive naming. And has a colour LCD touch screen that makes sending documents to multiple destinations a snap.

Call it a walk-up command centre for managing your business documents. In fact, call it a revolution in ease of use and office productivity!

Profit from the productivity

For offices that need to efficiently handle many types of paperwork:

- Eliminate mailing, faxing and filing of paper
- Scan both sides of documents simultaneously
- Scan documents in colour, black-and-white or greyscale at speeds up to 50 images per minute
- Multi-task with amazing ease

Enjoy the exclusives

Benefits you can only get from Kodak:

- On-screen colour preview for real-time confirmation of image capture
- Exceptional image quality with Kodak's Perfect Page image processing
- Built-in USB portable drive connectivity for image storage and user configuration profiles
- Rotatable touch screen for ease of use and ergonomic operation
- Special Document Feeder for front-feed, front-return scanning of identification cards and other small or thick documents

Relax with KODAK Service & Support

Extend your 12 months warranty to a 36 months on-site service coverage including:

- Help Desk Support in local language
- Advisory help for hardware installation
- Parts, labour and travel costs
- Next business day response
- Support by a Kodak Service Specialist

Get a free 30-day trial of NSi AUTOSTORE Express

With this easy-to-use software, you can:

- Immediately output scans to multiple document management systems
- Increase security with device-level user authentication
- Preview scanned images with fingertip control of rescan, image rotation and more
- Index documents when you scan, validating data against external sources

For more details on your free 30-day trial with the AUTOSTORE Express server, visit www.nsius.com/go/kodak.

Kodak Scan Station 100

Connectivity	10/100 Base T, no host PC required
Output Methods	Scan to network share, scan to print, scan to e-mail, scan to portable USB drive, scan to FTP (anonymous, authenticated, with proxy support)
Network Protocols	TCP/IP, SMB, authenticated SMTP (login, plain text, CRAM, NTLM), DHCP (or static), NT domain authentication
File Format Outputs	Single and multipage TIFF, JPEG, PDF and searchable PDF
Control Panel	Touch screen at 93 mm x 133 mm, 18-bit colour, 640 x 480 resolution
On-Board Processor, Memory, Hard Drive	Celeron D 2.4 GHz, 1 GB RAM, 40 GB hard drive
Scanning Technology	Dual CCD, 600 dpi optical resolution; Capture bit depth is 48 bits Colour output bit depth is 24 bits (8 x 3); Greyscale output bit depth is 256 levels (8-bit)
Illumination	Fluorescent (cold cathode)
Output Resolution	75, 100, 150, 200, 240, 300, 400 and 600 dpi
Imaging Features	Perfect Page Scanning, deskew, autocrop
Throughput Speeds (portrait, A4)	Bitonal/greyscale: up to 25 ppm/50 ipm at 200 dpi Colour: up to 25 ppm/40 ipm at 200 dpi
Feeder	Up to 50 sheets of 75 g/m ² paper Special document feeder included for front-feed, front-return single document feeding
Maximum Document Size	215 mm x 863 mm – may be restricted at certain resolutions
Minimum Document Size	Single-sheet feeding (with the included special document feeder): 50 mm x 87.5 mm Multiple-sheet feeding: 75 mm x 125 mm
Paper Thickness and Weight	52-105 g/m ² paper
Recommended Daily Volume	Up to 1,000 pages per day
Power Consumption	Standby: <75 Watts; Operating: <95 Watts
Environmental Factors	Operating temperature: 10-35° C; Operating humidity: 10 to 85 percent relative humidity
Approvals and Product Certifications	AS/NZS 3548 Class A (C-Tick Mark), CAN/CSA-C22.2 No. 60950-1 (TUV C Mark), Canada ICES-003 Issue 3 (Class A), GB4943, GB9254 (Class A), GB 17625.1 Harmonics (CCC "S&E" Mark), EN 55022 ITE Emissions (Class A), EN 61000-3-3 Flicker, EN 55024 ITE Immunity, (CE Mark), EN 60950 (TUV GS Mark), IEC 60950, CISPR 22 (Class A), VCCI (Class A), CNS 13438 (Class A), CNS 14336 (BSMI Mark), UL 60950-1 (TUV US Mark), CFR 47 Part 15 Subpart B (FCC Class A), Argentina S-Mark
Dimensions	Weight: 18.1 kg; Depth: 33.8 cm; Width: 59.7 cm; Height: 28.7 cm
What's in the Box	Kodak Scan Station 100, seven power cords for international applications, User's Guide, Setup & Documentation CD-ROMs, Quick Install Guide, three portable USB drives, special document feeder, configuration organizer software
Accessories Available	Portable USB drives
Consumables Available	Feed modules, roller cleaning pads, Staticide Wipes
Warranty	12 months on-site, 4 days response, Help Desk Support in local language
Warranty Enhancement	36 months on-site, next business day response, parts, labour and travel, Help Desk Support in local language
Recommended portable USB drive specs	USB 2.0, minimum size for configuration: 32 MB, minimum size for storing images/files: 128 MB
Minimum PC configuration for bundled Scan Station 100 configuration organizer software	Pentium 3 Processor, 1 GHz or higher, 512 MB RAM, USB 1.1 or 2.0 running Windows XP or Windows 2000
